Precision agriculture in cropping Potato trials walk

9.00 – 11.00am, Thursday 2 February 2017
Seadown

FOUNDATION FOR ARABLE RESEARCH

Precision agriculture in cropping and Potato trials walk

Join staff from FAR and Plant & Food Research for a discussion about precision agriculture in cropping followed by an update of 2017 potato research and a chance to view in-furrow fungicides, SFF soil rotation and disease including biofumigation trials.

Speakers and topics

9.00am

An update on precision agriculture technology and uptake on UK cropping farms.

Jim Wilson, SoilEssentials, Precision Farming Solutions, Scotland

9.40am

Precision agriculture in arable and potato crops: yield mapping results.

Allister Holmes, FAR

10.00am

Outline of FAR/PNZ potato research for 2017

Jen Linton, FAR & Sarah Sinton, Plant & Food Research

For more information please contact the FAR office: Phone: 03 345 5783 or Email: admin@far.org.nz

We look forward to seeing you there.

**Thursday 2 February
9.00am – 11.00am**
